

# Scientific Program

DAY 1. October 7 (Fri.)		Room A	
08:30-10:40	<b>Special Session 1.</b> Esophageal Stents: Clinical and Experimental Applications	Richard Kozarek Mariano Gimenez	Virginia Mason Medical Center, USA Hospital de Clinicas University of Buenos Aires, Argentina
[PART 1] Clinical Applications			
08:30-08:45	Evolution of Esophageal Stents: 8 Generations of Trial and Error	Ho-Young Song	Univ. of Ulsan, Korea
08:45-09:00	Radioactive Stents for the Treatment of Esophageal Cancer	Teng Gao Jun	Zhong-Da Hospital, Southeast Univ., China
09:00-09:15	The Role of Esophageal Stents in Malignant Esophageal Strictures	Richard A. Kozarek	Virginia Mason, USA
09:15-09:30	The Role of Esophageal Stents in Benign Esophageal Strictures	Okan Akhan	Hacettepe Univ., Turkey
[PART 2] Experimental Applications			
09:30-09:42	High-resolution Fiber-optic Microendoscopy in the Esophagus	Jun Ki Kim	Asan Medical Center, Korea
09:42-09:54	Polymers for Drug Releasing Esophageal Stents	Su-Geun Yang	University of Inha, Korea
09:54-10:06	3D Printing-based Personalized Stents and Gastric Phantom Come a Step Closer	Guk Bae Kim	Asan Medical Center, Korea
10:06-10:18	Drug Releasing Stents in the Esophagus	Jiaywei Tsauo	Asan Medical Center, Korea
10:18-10:30	A Highly Potent, Selective, and Orally Bioavailable ALK5 Inhibitor, EW-7197 as Antifibrotic/cancer Immunotherapeutic Agent	Dae Ki Kim	Ewha Womans University, Korea
10:30-10:40	Discussion		
10:40-10:50	Opening Ceremony		
10:50-11:10	Coffee Break		
11:10-12:30	<b>Live Demonstration 1.</b> (Hong Kong)	Hyun-Ki Yoon Dong wan seo John Wong	Asan Medical Center, Korea Asan Medical Center, Korea Prince of Wales Hospital, HongKong
11:10-12:30	Discussion	Sang Myung Woo Mamoru Takenaka Yi-Chun Chiu	National Cancer Center, Korea Kimki University, Japan Kaohsiung Chang-Gung Memorial Hospital, Taiwan
<b>Luncheon Special Lecture I</b>			
12:30-13:30	A new prototype of covered biliary stent (Flower Stent) versus Conventional Stent in the prevention of pancreatitis and cholecystitis	Rodrigo Castano	Hospital Pablo Tobón Uribe, Colombia
13:30-14:10	<b>Plenary Session:</b> Past, Present and Future of SGI	DongKi Lee Jorge E. Lopera	Yonsei Univ., Korea UT Health Science Center, USA
13:30-13:40	Past	Ho-Young Song	Univ. of Ulsan, Korea
13:40-13:50	Present	Ziv J. Haskal	University of Virginia Health System, USA
13:50-14:00	Future	Richard A. Kozarek	Virginia Mason, USA
14:00-14:10	Future	DongKi Lee	Yonsei Univ., Korea
14:10-15:10	<b>Session 3.</b> [UGI] Management for Postoperative Complication	Sang Wook Han Rungsun Rerknimitr	Ajou Univ. Korea Chulalongkorn University Hospital, Thailand
14:10-14:22	Interventional Management of Postoperative Fistula / leak	Yozo Sato	Aichi Cancer Center Hospital, Japan
14:22-14:34	Endoscopic Management of Postoperative Obstruction / stricture	Hyunsoo Chung	Yonsei Univ., Korea
14:34-14:46	Interventional Management of Postoperative Obstruction / stricture	Jin-Hyoung Kim	Asan Medical Center, Korea
14:46-14:58	Case	Yang Won Min	Sungkyunkwan Univ., Korea
14:58-15:10	Discussion		
15:10-15:40	Coffee Break & Poster Round		

# Scientific Program

DAY 1. October 7 (Fri.)		Room A	
15:40-17:00	<b>Live Demonstration 2 &amp; 3</b> (Japan, India)	Nageshwar Reddy Ziv J. Haskal	National Cancer Center Hospital, Asian Institute of Gastroenterology Asian Institute of Gastroenterology University of Virginia Health System, USA
15:40-17:00	Discussion	Jung yup Park Satoshi Asai Kiang Hiong Tay	Yonsei Univ., Korea Tane General Hospital, Japan Singapore General Hospital, Singapore
17:00-17:50	Cocktail Reception		
17:50-21:00	SGI 2016 Dinner Special Lecture & Welcome Dinner Endoscopic treatment of high level benign biliary stricture	DongKi Lee	Yonsei Univ., Korea

  

DAY 1. October 7 (Fri.)		Room B	
09:40-10:40	<b>Session 1.</b> [Biliary] The Best Therapeutic Solution for Post-transplantation Biliary Strictures	Kiang Hiong Tay Chan Sup Shim	Singapore General Hospital, Singapore Konkuk Univ. Medical Center, Korea
09:40-09:55	Mechanisms of Post-transplantation Strictures - LDLT vs DDLT	Seong Hoon Kim	National Cancer Center, Korea
09:55-10:10	Endoscopic Management of Post-transplantation Strictures	Yi-Chun Chiu	Kaohsiung Chang-Gung Memorial Hospital, Taiwan
10:10-10:25	Percutaneous Approach to Post-transplantation Strictures	Ki Young Ko	Univ. of Ulsan, Korea
10:25-10:40	Case	Jaihwon Kim	Seoul National Univ., Korea
11:10-12:30	<b>Session 2.</b> [LGI] Cutting Edge of Intervention for Malignant Colonic Obstruction	Jorge E. Lopera Tae-Il Kim	UT Health Science Center, USA Yonsei Univ. Severance Hospital, Korea
11:10-11:25	Debate on Bridge-to-surgery Stent for Colorectal Cancer	Hiroyuki Isayama	Univ. of Tokyo, Japan
11:25-11:40	Role of Palliative Stent for Obstructive Colorectal Cancer	Ki Myung Lee	Ajou Univ. Korea
11:40-11:55	Stent for Colonic Obstruction Caused by Extracolonic Malignancy	Young soo Park	Seoul Univ. Korea
11:55-12:10	How to Prevent and Manage Various Stent-related Complications	Jorge E. Lopera	UT Health Science Center, USA
12:10-12:30	Case	Sehwan Kwon	Kyunghee Univ., Korea
12:30-13:30			
14:10-15:10	<b>Session 4.</b> [Liver] Difficult-to-treat Liver Cancer (A)	Yeul Hong Kim Rheun-Chuan Lee	Korea Univ., Korea Veterans General Hospital, Taipei
14:10-14:20	Recent updates of chemotherapy for colorectal cancer with liver metastasis	Yeul Hong Kim	Korea Univ., Korea
14:20-14:30	How to apply TACE in colorectal cancer with liver metastasis	Edward Wolfgang Lee	UCLA Medical Center, USA
14:30-14:40	TARE Option for Intrahepatic Cholangiocarcinoma	Rheun-Chuan Lee	Veterans General Hospital, Taipei
14:40-14:50	Medical Option for Intrahepatic Cholangiocarcinoma	Myung Ah Lee	Catholic Univ. Medical Center, Korea
14:50-15:10	Discussion		
15:10-15:40	Coffee Break & Poster Round		
15:40-16:50	<b>Session 5.</b> [Liver] Difficult-to-treat Liver Cancer (B)	Yun Hwan Kim Edward Wolfgang Lee	Korea Univ., Korea UCLA Medical Center, USA
15:40-15:48	Brachytherapy treatment with iodine 125 seeds of Liver Cancer	Zheng Quiang Yang	First Affiliated Hospital of Nanjing Medical University, China
15:48-15:56	Advantages and limitations of TARE in intermediate HCC	Do Young Kim	Yonsei Univ. Severance Hospital, Korea
15:56-16:04	Advantages and limitations of TARE in advanced HCC	Yun Hwan Kim	Korea Univ., Korea
16:04-16:12	Infiltrative Type HCC (Medical Approach)	Yoon Jun Kim	Seoul National Univ., Korea
16:12-16:20	Infiltrative Type HCC (Interventional Radiological Approach)	Chang Won Kim	Pusan National University, Korea
16:20-16:28	Infiltrative Type HCC (Radioation Oncological Approach)	Sang Min Yoon	Asan Medical Center, Korea
16:28-16:50	Discussion		

# Scientific Program

DAY 2. October 8 (Sat.)		Room A
07:00-08:00	<b>SGI 2016 Consensus Workshop :</b> Treatment for Acute Cholecystitis	<b>Room C</b> DongKi Lee <i>Yonsei Univ., Korea</i>
07:00-07:10	Endoscopic Retrograde Cholangiopancreatography, Cystic Duct Drainage	Saburo Matsubara <i>The Univ. of Tokyo, Japan</i>
07:10-07:20	EUS-guided gallbladder drainage for acute cholecystitis	Sang Soo Lee <i>Asan Medical Center, Korea</i>
07:20-07:30	Percutaneous Transhepatic Gallbladder Drainage – Hanns	Jung-Suk Oh <i>The Catholic Univ. of Korea</i>
07:30-07:40	Emergent Laparoscopic Cholecystectomy	Hyung Joon Han <i>Korea Univ., Korea</i>
07:40-08:00	Discussion	
08:30-10:30	<b>Special Session 2.</b> Recent Progress in the Management of Esophageal Diseases	Hwoon-Yong Jung <i>Univ. of Ulsan, Korea</i> Philip Chiu <i>The Chinese University of Hong Kong, Hong Kong</i>
08:30-08:40	Diagnosis and Management Strategy of Refractory Gastroesophageal Reflux Disease: Endothrapy or Lap-Fundoplication?	Kee Don Choi <i>Univ. of Ulsan, Korea</i>
08:40-08:50	Efficacy and Long-term Result of Lap-fundoplication	Jin Jo Kim <i>The Catholic Univ. of Korea, Korea</i>
08:50-09:00	Endoscopic Management of Gastroesophageal Reflux Disease	Mark Noar <i>Center for Reflux and Neurogastroenterology Research and Johns Hopkins Medicine-Howard County Hospital, USA</i>
09:00-09:10	Trans-oral Anterior Fundoplication	Ali Lankarani <i>Borland Groover Clinic, USA</i>
09:10-09:20	Endoscopic Management of Achalasia	Hwoon-Yong Jung <i>Univ. of Ulsan, Korea</i>
09:20-09:30	Surgical and Endoscopic Management of Esophageal Diverticulum: Zenker's and Epiphrenic	Philip Chiu <i>The Chinese University of Hong Kong, Hong Kong</i>
09:30-09:40	Fluoroscopy-guide ballooning for Achalasia.	Ji Hoon Shin <i>Asan Medical Center, Korea</i>
09:40-09:50	Endoscopic Management of Barrett Esophagus	Shai Friedland <i>Stanford Univ., the Palo Alto Veterans Affairs Health Care System, USA</i>
09:50-10:00	Surgery of Esophageal Neoplasm	Hyeongryeol Kim <i>Asan Medical Center, Korea</i>
10:00-10:10	Management and Prevention of Esophageal Stricture after Endoscopic Submucosal Dissection	M. Fujishiro <i>University of Tokyo, Japan</i>
10:10-10:30	Discussion	
10:30-10:50	Coffee Break	
10:50-12:10	<b>Special Session 3.</b> Biliary Drainage: Paradigm Shift or Stay Classic?	[Prepared by Prof. DK Lee] Hyung Jin Shim <i>Chung-Ang Univ. Hospital, Korea</i> Jeffrey H. Lee <i>Anderson Cancer Center, USA</i>
10:50-11:05	Endoscopic Retrograde Cholangiopancreatography: Never Give Up Policy	Jong H. Moon <i>Soon Chun Hyang Univ., Korea</i>
11:05-11:20	Endoscopic Ultrasound-guided Biliary Drainage: When and for Whom?	Michel Kahaleh <i>Weill Cornell Medicine, USA</i>
11:20-11:35	Endoscopic Ultrasound-guided Biliary Drainage: Can It Be a Routine Approach?	Do Hyun Park <i>Univ. of Ulsan, Korea</i>
11:35-11:50	Assessing Risk Prior to Biliary Intervention	Raman Uberoi <i>Oxford Univ., UK</i>
11:50-12:05	Percutaneous Approach: We Always Success!	Gwanghun Lee <i>Gangnam Severance Hospital, Korea</i>
12:05-12:10	Q&A	
12:10-13:10	<b>Luncheon Special Lecture II, III</b>	
12:10-12:30	Current Status of Biliary Stenting	Teik Choon See <i>Addenbrooke's Hospital, UK</i>
12:30-12:50	Why Radioembolization in HCC?	Do Young Kim <i>Yonsei Univ., Korea</i>

# Scientific Program

## DAY 2. October 8 (Sat.)

## Room A

13:10-14:10	<b>Session 8.</b> [EUS Guided] EUS-guided Intervention in Special Situations	Michel kahaleh Dong Wan Seo	Weill Cornell Medical College, USA Asan Medical Center, Korea
13:10-13:25	Endoscopic Ultrasound-guided Drainage of Intra-abdominal Abscess	Mamoru Takenaka	Kimki University, Japan
13:25-13:40	EUS guided RFA for tumor management	Dong Wan Seo	Asan Medical Center, Korea
13:40-13:55	EUS-guided pancreatic fluid drainage	Tiing Leong Ang	Changi General Hospital, Singapore
13:55-14:10	Endoscopic ultrasound-guided choledochoduodenostomy	Satoshi Asai	Tane General Hospital, Japan
14:10-14:30	Coffee Break		
14:30-15:30	<b>Session 9.</b> [Video Session]		Liver, biliary, pancreas, GI tract
	ERCP in treatment of Chronic Pancreatitis	Sung-Gwon Kang Ichiro Yasuda	Yangji H Plus Hospital, Korea Teikyo Univ. Mizonokuchi Hospital, Japan
	Failures of conventional ERCP in Chronic pancreatic pathology. Multidisciplinary Endoscopic savage Diagnostic and treatment.	Nageshwar Reddy Jose Ramon Armengol-Miro	Asian Institute of Gastroenterology, India WIDER Barcelona, Spain
	Bile duct injury during laparoscopic cholecystectomy. Minimally Invasive approach	Mariano E. Gimenez	Hospital de Clinicas University of Buenos Aires
	Percutaneous GB stone removal	Seung Kwon Kim	Washington University, USA
15:30-16:30	<b>Interactive Case Session</b>		Several department involved case
	Interactive Case. 1	Okan Akhan JiKon Ryu	Hacettepe Univ., Turkey Seoul National Univ. of Medicine, Korea
	Interactive Case. 2	Yasuaki Arai Rungsun Rerknimitr	National Cancer Center Hospital, Japan Chulalongkorn University Hospital, Thailand
	Interactive Case. 3: Successful management of common bile duct stone after subtotal gastrectomy with roux-en-y reconstruction by using an eus-guided antegrade approach	Ichiro Yasuda	Teikyo Univ., Japan
	Interactive Case. 4	Kiang Hiong Tay	Singapore General Hospital, Singapore
	Interactive Case. 5: The role of novel stent devices in palliation of bile duct malignancies	Andrasina Tomas	Faculty Hospital Brno and Masaryk University, Czech Republic

## DAY 2. October 8 (Sat.)

## Room B

09:30-10:30	<b>Session 6.</b> [Pancreas] Optimal Management for Pancreatitis Related Complications	Jae Kyu Kim Young Deok Cho	Chonnam National University Hospital, Korea Soonchunhyang Univ. Hospital, Korea
09:30-09:45	Management of Sterile and Infected Walled-off Necrosis and Pseudocyst: Gastroenterologist's Perspective	Michel Kahaleh	Weill Cornell Medicine, USA
09:45-10:00	Management of Pseudoaneurysm with/without Bleeding: Radiologist's Perspective	Edward Wolfgang Lee	UCLA Medical Center, USA
10:00-10:15	Management of Pancreatitis Associated Pancreatobiliary Ductal Problem: Endoscopist's Perspective	Jeffrey H. Lee	M.D. Anderson Cancer Center, USA
10:15-10:30	Case	Jae Hee Cho	Gachon University Gil Medical Center, Korea
10:30-10:50	Coffee Break		

# Scientific Program

## DAY 2. October 8 (Sat.)

## Room B

10:50-12:10	<b>Session 7.</b> [UGI] Gastrostomy and Jejunostomy: Various Approaches	Sang Joon Park Hiroyuki Isayama	G Sam Hospital, Korea The Univ. of Tokyo, Japan
10:50-11:05	Surgical Gastrostomy and Jejunostomy	Jong Won Kim	Yonsei Univ., Korea
11:05-11:20	Endoscopic Gastrostomy and Jejunostomy	Do Hoon Kim	Asan Medical Center, Korea
11:20-11:40	Radiologic Gastrostomy and Jejunostomy	Seung Kwon Kim	Washington Univ., USA
11:40-11:55	Case	Ji Hoon Shin	Asan Medical Center, Korea
11:55-12:10	Discussion		
13:10-14:10	<b>[Best Paper Presentation]</b>	Jin-Hyeok Hwang Hwanhoon Chung	Seoul National Univ. Bundang Hospital, Korea Korea Univ. Ansan Hospital, Korea
13:10-13:25	CEH-EUS ROLE IN THE DIFFERENTIAL DIAGNOSIS OF GASTROINTESTINAL SUBMUCOSAL LESIONS	Miquel Masachs-Peracaula	Digestive Endoscopy Service Wider Barcelona Vall Hebron University Hospital, Spain
13:25-13:40	Radiation-induced Esophageal Strictures Treated with Fluoroscopic Balloon Dilation: Long-term Clinical Outcomes and Factors Influencing Recurrence in 62 Patients	Kun Yung Kim	Asan Medical Center, Korea
13:40-13:55	Percutaneous gastrostomy, jejunostomy and gastrojejunostomy related procedures in complicated patients	Eui Yong Jeon	Sheikh Khalifa Specialty Hospital, United Arab Emirates
13:55-14:10	Discussion		
14:10-14:30	Coffee Break		
14:30-15:30	<b>Session 10.</b> [LGI] Recent Advance in the Management of Small Intestinal Hemorrhage	Teng Gao Jun Ki-Nam Shim	Zhong-Da Hospital, Southeast Univ., China Ewha Womans University School of Medicine, Korea
14:30-14:40	Role of Empiric Gastroduodenal Artery Embolization in Duodenal Bleeding	Kyung Rae Kim	The Univ. of North Carolina, USA
14:40-14:50	Role of Video Capsule Endoscopy in Small Bowel Bleeding	Seong Ran Jeon	Soonchunhyang Univ., Korea
14:50-15:00	Role of Device-assisted Enteroscopy in Small Bowel Bleeding	Hironori Yamamoto	Jichi Medical Univ., Japan
15:00-15:10	Role of Interventional Radiology in Small Bowel Bleeding	Gyoung Min Kim	Severance Hospital, Korea
15:10-15:20	Case	Dong-Hoon Yang	Asan Medical Center, Korea
15:20-15:30	Discussion
